

Orange County Great Park

The 1,300-acre Great Park is a community asset with significant tourism impact through its cultural, open space, sports and recreational activities. The City has developed or leased more than 200 acres at the former Marine Corps Air Station El Toro; another 688 acres at the Great Park include the emerging Sports Complex, trails, and public ice facility in what by 2018 is the largest parkland development in the country.

Orange County Great Park's ongoing construction work:
