The Orange County Sanitation District

Protecting public health and the environment by providing effective wastewater collection, treatment, and recycling.

OCSD is a public agency responsible for safely collecting and treating wastewater for 2.5 million people in central and north Orange County.

OCSD beneficially reuses and recycles the treated wastewater and other resources resulting from the treatment process. OCSD is a special district established by the California State legislature and governed by a 25-member board of directors. The directors are comprised of elected representatives for each of the sewer agencies or cities within OCSD's 471 square mile service area. Learn more about the services OCSD provides by visiting www.ocsd.com.

If you have questions on how to dispose of unused medication, please call OCSD at (714) 593-7220, or submit a question to our technical assistance center at asktac@ocsd.com.
